The Sure-Trac ST-ETX10218-140 is a 16+2 ft Full-Width Equipment Trailer engineered for hauling skid steers, tractors, construction equipment, UTVs, and other heavy machinery. With a 14,000 lb GVWR and an impressive 10,840 lb payload capacity, it delivers the strength and versatility required for demanding commercial and agricultural applications.

Built with a heavy-duty 6-inch C-channel frame and tongue, dual 7,000 lb braked axles, and pressure-treated wood decking, the trailer features a 2-foot tread plate beavertail, drive-over fenders, tread plate outriggers, and spring-assisted loading ramps for easy loading of wide equipment. Additional features include stake pockets, rub rails, D-ring tie-downs, LED lighting, a setback 12K drop-leg jack, and a durable industrial-grade powder-coated finish.

Designed to accommodate equipment with wider wheelbases and larger tires, the ST-ETX10218-140 combines exceptional hauling capacity, rugged construction, and user-friendly loading features, making it an ideal choice for contractors, farmers, and equipment operators.
