2026 Sure-Trac 8.5x20+5 17.6K K HD Beavertail Deckover Trailer

Type	Trailer or Truck Bed	Category	Deckover Trailer
Stock#	9023	Location	Roxbury Trailers
Year	2026	Status	Available
Condition	New	Manufacturer	Sure-Trac
Model	8.5x20+5 17.6K K HD Beavertail Deckover Trailer	Floor Length	300in / 25ft
Floor Width	102in / 8ft 6in	GVWR	17600
Weight	4740	Payload Capacity	12860
Axle Capacity	8000		
Color	Black	Coupler	Adjustable 4-Bolt Pintle Ring
Jack	12K Drop Leg, Set-Back	Pull Type	Bumper
Axles	2	Suspension Type	Leaf Spring Suspension
Msrp	15386	Construction	Steel

Warranty	3-Year Frame and Component Overall Protection 1-Year Tire Hazard and Abuse Protection 5-Year Standard Tire Warranty 5-Year Axle and Suspension Warranty	Length	378in / 31ft 6in
Brakes	YES - Both Axles	Lights	LED
Tires	215/75R17.5J 18-PLY	Load Securement	(8) 5/8" D-Rings, Stake Pockets, Chain Spools, and Rub Rai
Beavertail	5ft - Self Cleaning	Frame	12", 14 lb/ft I-Beam, Side Rails - 5" Steel Channel, Undercarriage Cross Bracing

Price: \$14,295.00

MSRP: \$15,386.00

Description

The Heavy-Haul Standard: 2026 Sure-Trac 8.5x25 (20+5) 17.6K HD Low-Profile Deckover

When you're moving heavy excavators, massive skid steers, loaders, or large-scale agricultural gear, you need an absolute brute of a trailer. This is it. The Sure-Trac Heavy Duty Low-Profile Deckover is designed strictly for high-tonnage commercial hauling where structural integrity is a non-negotiable requirement.

With a massive 12,860 lb. net payload capacity, an advanced pierced I-beam frame that drops your center of gravity, and commercial-grade 18-ply rubber, this 17.6K deckover delivers maximum stability and unyielding towing performance on every haul.

Key Capacities & Dimensions

- GVWR: 17,600 lbs
- Curb Weight: 4,740 lbs
- Net Payload Capacity: 12,860 lbs
- Total Length: 25' (20' Flat Deck + 5' Self-Cleaning Beavertail)
- Deck Width: 8.5' (102")
- Deck Height: Super Low-Profile 32"

Technical Specifications

Main Frame & Tongue 12" Heavy-Flange, 14 lb/ft Industrial I-Beam
Side Rails 5" Structural Steel Channel
Crossmembers 3" Steel Channel with Cross-Trac™ Undercarriage Bracing
Axles (2) 8,000 lb. Slipper Spring Brake Axles
Hubs Heavy-Duty Oil Bath Hubs
Tires 215/75R17.5J 18-PLY Radial Tires (Extreme Duty)
Wheels 16" Heavy-Duty 8-Hole Steel Wheels
Coupler Adjustable 4-Bolt Pintle Ring (Height Adjustable 21"-29")
Ramps Universal Full-Width Dual Fold-Over Ramps with Double Spring Assist
Jack 12K Drop-Leg Set-Back Jack
Decking 2" Pressure-Treated Pine (Steel Tread Plate Over Wheels)
HD Tongue Mounted Tool Box

Engineering Highlights: Why This Deckover Is Built Elite

1. Low-Profile Pierced Frame Construction

Traditional deckovers sit incredibly high, causing severe trailer sway and a steep, sketchy loading angle. Sure-Trac solves this by utilizing a pierced frame design, where the crossmembers pass directly through the massive 12" I-beam main rails rather than sitting on top of them. This drops the entire deck height down to a super low 32 inches, dramatically lowering your center of gravity, improving crosswind aerodynamics, and providing unmatched stability at highway speeds.

2. Cross-Trac™ Torsional Bracing

To handle the intense stress of loading heavy equipment off-center, the undercarriage features integrated Cross-Trac™ bracing. This structural network prevents the frame from twisting or flexing under torque, distributing weight perfectly across both 8K axles and ensuring the trailer tracks arrow-straight behind your truck.

3. Full-Width Universal Ramps & Self-Cleaning Tail

- The 5' Self-Cleaning Tail: The rear beavertail is built with open steel grating. As your equipment climbs the tail, mud, dirt, and debris automatically fall through the grates instead of caking up your deck.
- Universal Full-Width Ramps: The dual mega-ramps feature heavy double-spring assistance, making them effortless to flip over. Because they fold completely flat to create a seamless 25-foot deck, you can comfortably haul long loads of pipe, lumber, or hay just as easily as heavy machinery.

4. Commercial-Grade Running Gear

This trailer is spec'd with dual 8,000 lb. slipper spring axles outfitted with Oil Bath Hubs for continuous, low-maintenance commercial lubrication. Grounding this setup are ultra-heavy-duty 18-ply radial tires (215/75R17.5J), built to withstand extreme lateral scrubbing and job site puncture hazards that shred standard trailer tires.

5. Integrated Tie-Down & Security Network

Securing your load is effortless. The perimeter is fully loaded with eight 5/8" heavy-duty D-rings, full-length stake pockets, built-in chain spools, and a heavy rub rail. It also features integrated side steps for easy deck access, a heavy-duty front tube bulkhead to protect your tow vehicle, and a premium industrial polymer finish that shrugs off road salt and rock chips.

The Verdict

The Sure-Trac 17.6K Low-Profile Deckover is a premium commercial asset engineered for severe-duty operation. It combines a massive payload capacity with elite structural design to ensure your crew, your equipment, and your business stay moving forward efficiently.

- Temporary License Plate: Included with all trailer purchases.
 - NJ Residents: 6.625% Sales Tax applies at the time of purchase.
 - Non-Residents: Pay sales tax at the time of registration in your home state.
