Built to Handle the Job
The HD Series Landscaping Trailer is engineered for lawn care professionals who demand more from their equipment. Designed to haul heavy loads and withstand daily use, this landscaping trailer is outfitted with reinforced components throughout, delivering the durability you need to grow your business or maintain your fleet. Whether you’re outfitting your first rig or upgrading to a pro-grade setup, this trailer is built to last.
Purpose-Built for Landscaping
From lawn mowers to hand tools and leaf blowers, every item has its place. Inside, a built-in wood shelf helps keep smaller items organized, while recessed D-rings secure larger equipment. You’ll also find 48" interior posts pre-mounted with three Gridiron® trimmer brackets, giving you fast, efficient access to your string trimmers right where you need them. It’s not just a cargo trailer—it’s your mobile landscaping shop.
Smart, Durable Construction
The HD Series delivers serious strength where it matters most. 12" on-center crossmembers and roof bows reinforce the frame, while gusseted wall studs offer extra sidewall stability. A 7K drop-leg, set-back jack keeps the front clear so you can drop your truck’s tailgate without interference. And torsion axles provide a smoother ride with less bounce, protecting both your tools and your trailer.
Built for Work and Weekend Warriors
Whether you’re a full-time landscaper running multiple crews or a weekend pro hauling gear to your next project, the HD Series makes it easy to stay productive. It’s more than a lawn mower trailer—it’s a serious piece of equipment built to support your business and your reputation. Count on ITI Cargo to deliver the performance you need, job after job.

Contact us for an exact out the door total.
We can install E-Track to factory specs to secure your cargo.
