Description

Looking for a low-pro gooseneck deck over with easy loading built in? This 2026 PJ Trailers 102" x 25 FT model pairs a 20-foot flat deck with a 5-foot self-cleaning dovetail, plus full-width monster ramps for a smooth approach angle when loading equipment. The wood deck sits on an I-beam frame with 7K axles and EZ lube hubs for long-term reliability, and electric brakes on both axles give you confident stopping power. A locking tongue toolbox keeps tools and chains secure, while stake pocket sides and rub rail add flexible tie-down points. Spring-loaded tongue jacks and fold-away steps make setup and access simple, and a sealed wiring harness protects your connections from the elements. With a 15,680 lb GVWR and 10,360 lbs of payload capacity, this gooseneck deck over is priced at $14,299.
