Description

The 2026 Compass 6X12 Enclosed Cargo Trailer is sized for the tradesman who wants tools out of the weather and locked up overnight. A single axle keeps it easy to move around a yard by hand and easy to tow behind a half-ton. A rear ramp door and a side entry door mean you are not climbing over your own load to reach something.

• 6X12 enclosed cargo box with a 6'6" (78") interior height
• Rear ramp door with spring assist
• 32" curb-side entry door with flush lock

• Single 3,500-lb drop spring axle with easy-lube hubs and a 2" A-frame coupler
• 3/4" engineered-wood floor and engineered-wood interior walls
• Screwless sidewalls with a 24" ATP stone guard
• 2,000-lb coupler-mounted tongue jack
• Sidewall airflow vents
• Full LED DOT-compliant exterior lighting and LED interior dome lighting
This unit also includes:
• Composite walls
