Price: \$11,799.00

MSRP: \$15,399.00

Description

The 2027 PJ DT1 is PJ Trailers' heavy-duty 5-stage telescopic dump trailer built for contractors who demand fast cycle times and maximum unloading angle. The front-mount telescopic cylinder and 8" I-beam frame set it apart from conventional scissor-hoist dumps. The telescopic hoist lifts evenly from the front rather than pushing from underneath, which is what you want with heavy wet material.

- 15.4K - GVWR with tandem 7,000-lb electric/spring axles
- 8" x 13 lb I-beam main frame with 3" channel crossmembers on 16" centers

- 16FT bed with 7-gauge steel floor and 24" 10-gauge steel sides with reinforced Monster Rails
- 5-stage front-mount telescopic cylinder hoist — power up / gravity down, 45° dump angle
- Two-way barn door / spreader gate with 6'5" slide-in channel ramps, roll-up tarp kit, and lockable tongue toolbox
- BP 2-5/16" adjustable Demco EZ-Latch coupler with 12,000-lb drop-leg jack
