Description

Stealth Model Number C7x16S-XLT-P
Stow and tow like a pro: the XLT Pro Series has a generous cargo box and streamlined V-nose trailer front construction. Tougher, lighter, and rust-resistant the all-aluminum construction has a lifetime's worth of advantages over steel. Water resistant decking stands up to the elements so you don't have to worry about wiping your boots before loading up. For a smooth, clean look or a blank canvas for your brand, screwless bonded side panels are the perfect solution. .
