Description

2027 Rock Solid Cargo 8.5x36 Triple Axle Enclosed Car Hauler – Silver Polycore Super Sport Edition

The 2027 Rock Solid Cargo 8.5x36 Triple Axle Enclosed Car Hauler – Silver Polycore Super Sport Edition is built for racers, motorsports teams, collectors, and professionals who demand premium quality and maximum hauling capacity. Finished in a durable Silver .080 Polycore exterior and upgraded with the Super Sport Edition, this enclosed trailer combines rugged construction with premium features to safely transport race cars, show cars, classic cars, lifted trucks, UTVs, side-by-sides, motorcycles, and commercial equipment. With a 15,600 lb payload capacity, triple heavy-duty axles, and a spacious 36-foot floor, this trailer is engineered for serious performance.

The spacious 8.5-foot wide body and 7-foot interior height provide exceptional room for oversized vehicles and cargo. Dual 54" x 48" escape doors allow drivers to exit vehicles after loading, making this trailer ideal for low-clearance sports cars and race vehicles. The heavy-duty rear spring-assisted ramp door with extension flap and built-in dovetail make loading and unloading smooth and efficient.

Rock Solid Cargo is known for building some of the toughest enclosed trailers on the market, and the Super Sport Edition raises the bar even higher. Built with an 8-inch heavy-duty steel tube main frame, 60-inch extended triple tube tongue, Semi-Screwless construction, one-piece Galvalume roof, and premium LED lighting throughout, this trailer is designed to provide years of dependable service. The sleek Silver Polycore exterior resists dents, fading, and corrosion while giving the trailer a clean, professional appearance.
