Description

The 2026 Exmark Lazer Z E-Series delivers professional-grade performance, legendary Exmark cut quality, and commercial durability in a value-focused package. Powered by the dependable 23.5 HP Kawasaki FX730V V-Twin engine and equipped with Exmark's UltraCut® Series 4 full-floating fabricated deck, this mower is built for landscape professionals and serious property owners who need reliable performance day after day.

Features:

23.5 HP Kawasaki FX730V commercial V-Twin engine (726cc)

Available with 48", 52", or 60" UltraCut® Series 4 fabricated steel deck

Full-floating deck design for a consistent, professional-quality cut

Dual Hydro-Gear ZT-4400 hydrostatic drive system

Ground speed up to 11 MPH forward

Deluxe suspension seat with flip-up armrests for operator comfort

Heavy-duty 1.5" x 3" welded tubular steel unibody frame

9.5-gallon single fuel tank for extended mowing time

24" wide pneumatic drive tires for traction and stability

Foot-operated deck lift with 1.5"–5.5" cutting height range

Foldable ROPS with seat belt

Tool-less belt removal system for easier maintenance

Maintenance-free sealed spindle assemblies

Hour meter and cup holder included

Designed for commercial mowing crews and demanding property owners, the Exmark Lazer Z E-Series FX730V provides the durability, comfort, and precision needed to maximize productivity while delivering the clean, professional finish Exmark is known for.
