Description

The 2026 Exmark Lazer Z S-Series is built for commercial landscapers and property owners who demand professional-grade performance, exceptional durability, and Exmark's legendary cut quality. Powered by a reliable 25.5 HP Kawasaki FX801V V-Twin engine and available with a 52", 60", or 72" UltraCut® Series 4 fabricated steel deck, this mower is designed to maximize productivity while delivering a consistently clean, professional finish.

Features:

25.5 HP Kawasaki FX801V commercial V-Twin engine (852cc)

Available with 52", 60", or 72" UltraCut® Series 4 fabricated steel deck

Commercial-grade Parker hydrostatic drive system

Ground speeds up to 10 MPH forward

Deluxe bolstered suspension seat with Elastomeric Vibration Control

Heavy-duty welded tubular steel unibody frame

12-gallon fuel tank for all-day productivity

Foot-operated deck lift with cutting height adjustment from 1"–5.5"

Foldable ROPS with seat belt

LED-ready electrical system, hour meter, cup holder, and easy-access service points

Built to withstand the demands of daily commercial mowing, the 2026 Exmark Lazer Z S-Series delivers the durability, comfort, and precision cut that professionals rely on to get more work done in less time.
