Description

The 2026 Exmark Lazer Z X-Series is built for professionals who demand maximum productivity, durability, and legendary cut quality. Powered by a commercial-grade 31 HP Kawasaki FX921V V-Twin engine and available with Exmark's UltraCut Series 6 fabricated deck, this mower is engineered to handle the toughest commercial mowing conditions with ease.

Features:

31 HP Kawasaki FX921V V-Twin engine (999cc)

UltraCut Series 6 fabricated steel deck (available in 52", 60", or 72")

Commercial-grade Parker hydraulic drive system

Top ground speed up to 11.5 MPH

Exclusive Adapt® deck rake adjustment for optimizing cut quality without tools

Deluxe suspension seat with Exmark's Seat Isolation System for all-day comfort

12-gallon fuel tank for extended run time

Heavy-duty welded tubular steel frame

Foldable ROPS with seat belt

LED work lights, USB charging port, phone tray, cup holder, and hour meter

Foot-operated deck lift with cutting heights from 1" to 5.5"

Designed for commercial landscapers and large property owners, the Lazer Z X-Series delivers exceptional reliability, a premium-quality cut, and the comfort needed for long days on the job. Built to maximize productivity while standing up to years of demanding use.
