Description

This 2026 PJ Trailers 7 x 14 FT low pro telescopic dump trailer is set up for serious work, arriving with a tarp kit and sealed wiring harness already in place. The telescopic hydraulic hoist gives a steep dump angle for fast unloading of gravel, mulch, or debris, while the 7-gauge steel floor and heavy-duty frame stand up to repeated loading. 7K axles with an adjustable coupler (swappable to pintle) make it easy to match to your tow vehicle, and rear stabilizer jacks keep the trailer steady during dumping. A full-size tongue tool box and rear pull-out ramps round out a trailer built for efficiency on the job site. Backed by a 15,400 lb GVWR, this dump trailer is available now at \$12,699.
