Description

The 2026 Carry-On Landscape Trailer is built for landscapers, lawn care operators, and contractors who need to move mowers, tools, and materials every day. Steel construction and a practical layout make it easy to work with. Brakes on a landscape trailer matter more than people expect once the bed is full and wet.

- Steel angle-frame construction
- Ramp gate for loading
- Tie-down points

• Bumper-pull hitch with A-frame coupler
• DOT-compliant lighting package
• Wood or steel mesh deck flooring (varies by model)
