Introducing the Ironbull AMERICA 250 series. This **limited edition series of dump trailers** uses our popular DWB dump trailer as a basis and takes it to the next level, and feature packages that are not regularly available on our standard DWB model, including extended side walls.

These trailers are all decked out in American decals inspired by the last 250 years of the United States history, from its birth, all the way to the present day. This trailer is not only tough, but also looks amazing too.

We are proud to once again support Veterans, so with **every purchase of a America 250 trailer, a portion of the proceeds goes to supporting K9s for Warriors.**
