Description

This 2027 U-Dump 6' x 12' high side mesh utility trailer in Black gives you taller mesh sides than a standard flatbed, useful for hauling mulch, leaves, brush, or other loose material without losing it over the sides. A wood deck and spring suspension keep the ride simple and dependable, and radial tires round out a low-maintenance build. The setback swivel tongue jack and A-frame tongue make hitching up easy, and a spare tire mount, tail lights, and 4-pin plug complete the package. With a 2,990 lb GVWR and 1,890 lbs of payload capacity, this U-Dump high side utility trailer is priced at \$2,799.
