Price: $31,550.00

MSRP: $32,750.00

Description

Why Choose a FBHB Series Deck Over Trailer?
Overview
The FBHB Series gooseneck deck over trailer is engineered for maximum durability and performance, making it a trusted choice for professionals who need a reliable flatbed trailer. Whether you're hauling heavy equipment, large materials, or bulky cargo, this trailer's robust frame, innovative features, and high-capacity design ensure efficiency and safety. Its hydraulic beavertail simplifies loading, while the square torque tube reduces frame flex, improving stability for long hauls. Midsota’s commitment to quality ensures that every trailer is built to handle years of tough jobs.
Available Models

The FBHB Series deck over trailer is available in four different sizes to meet your hauling needs: 32’, 36’, 40’, and 44’. Each model is built with a 23,000 GVWR rating, providing the strength and capacity required for large, heavy loads. Whether you're transporting construction materials, agricultural equipment, or commercial cargo, this flatbed trailer is designed to perform in any application.

Standard Features

Every FBHB Series deck over trailer is built with high-quality components to maximize durability and functionality. It comes equipped with self-adjusting electric brakes for dependable stopping power and 16” crossmember spacing for superior strength. The power-up/power-down pump and 12V deep cycle battery provide efficient hydraulic operation, while the gooseneck step on each side ensures safe and easy access. Designed with no exposed wiring, pipe spools, and a full rub rail with stake pockets, this trailer is built for safety and longevity. Plus, it’s backed by Midsota’s industry-leading 5-year frame warranty.

Options

The FBHB Series deck over trailer offers a range of options to customize your hauling experience. Additional 5/8” D-rings can be added for extra tie-down points, and upgrading to disc brakes provides enhanced stopping power. An onboard 4-amp charger keeps the battery powered for consistent operation, while a wireless remote offers greater control over hydraulic functions. For ultimate convenience, hydraulic landing gear is also available, simplifying trailer setup and disconnecting.

- GVWR (lbs) - 25900 lbs
- GAWR (lbs/axle) - 12000 lbs/axle
- Curb Weight - 8380 lbs
- Payload - 17520 lbs
- Width - 102'
- Length - 36'
- Type - OPEN
- 110V Electrical - On-Board Charger 4 Amp (110V Plug In)
- 12V Electrical - 12 Volt DC 24 Battery
- Axle - (2) 12000 lb. Slipper Spring Brake, Hutch Spring Suspension
- Beavertail - 12' Hydraulic Tail
- Breakaway - Battery, Switch, and Lanyard
- Bulkhead - Custom Formed
- Connector Plug - Round 7-pin Cold Weather (-85)
- Coupler - 2-5/16" Adjustable Gooseneck
- Crossmembers - 3" Steel Channel, 16" On-Center
- Decking - 2" Pressure Treated Pine
- Exterior Finish - Industrial Grade Polymer Finish
- Exterior Lights - Dual Taillights and Mid Ship Turn Signals, Full LED, DOT Compliant
- Exterior Storage - Integrated Gooseneck Toolbox, Receiver Tube Winch Mount, Spare Tire Carrier, Underbody Side Mount Control Box
- Frame - High Strength Manufactured I-Beam, Square Torque Tube
- Hubs - Oil Bath
- Hydraulic Components - 12 Volt Hydraulic Pump, Power-Up, Power-Down (Dual Ram)
- Integrated Step(s) - Side Steps
- Mud Flaps - Yes
- Safety Chains - DOT Compliant
- Tie Downs - Stake Pockets, Chain Spools, and Rub Rail
- Tires - ST235/80R16E 10-PLY

- Tongue - Gooseneck, High Strength Manufactured I-Beam
- Tongue Jack - Dual 12K, 2-Speed Landing Gear
- Wheels - 16" Dual, 8-Lug Steel
- Wiring - No Exposed Wiring
