Whether you're hauling motorcycles, ATVs, contractor equipment, lawn care tools, or valuable cargo, this Titanium 7x16 Tandem Axle Enclosed Cargo Trailer offers the perfect combination of durability, style, and value. Designed for both work and recreation, this trailer delivers dependable performance while featuring a modern appearance that stands out wherever you go.

Finished in a beautiful Silver Polycore exterior with a factory Blackout Package, this trailer offers a clean, professional look while providing the durability and low-maintenance benefits of Polycore construction. The smooth exterior panels resist dents better than traditional aluminum siding while helping your trailer maintain its appearance for years to come. Combined with the blackout trim and wheels, this Titanium trailer has a premium look that's sure to turn heads.

Built on a rugged steel frame with tandem 3,500 lb leaf spring axles, this trailer features a 7,000 lb GVWR, an approximate 2,280 lb empty weight, and an impressive 4,720 lb payload capacity. That means you'll have the capability to haul everything from multiple motorcycles and side-by-sides to landscaping equipment, contractor tools, furniture, appliances, and commercial inventory with confidence.

The spacious 7-foot wide by 16-foot long floorplan provides outstanding versatility while remaining easy to tow with many full-size trucks and SUVs. The aerodynamic V-nose design improves towing efficiency while creating additional front storage space, and the 6'6" interior height gives you plenty of headroom for loading cargo or moving comfortably inside the trailer.

Perfect For-

Lawn care and landscaping companies
Contractors and construction professionals
Motorcycle enthusiasts
ATV and side-by-side owners
Mobile repair businesses
Furniture and appliance delivery
Small business inventory
Event vendors
Mobile workshop conversions
General cargo hauling

One of the biggest advantages of this 7x16 model is its versatility. It's large enough to handle serious work and recreational hauling while remaining maneuverable enough for everyday use.
