5-Year Structural Warranty from Rock Solid Cargo

Whether you're hauling race cars across the country, transporting high-value vehicles, or expanding your business with a dependable enclosed trailer, this Rock Solid Cargo 8.5x36 Triple Axle Enclosed Car Hauler is built to handle demanding jobs with confidence. Combining heavy-duty construction, premium upgrades, and an impressive cargo capacity, this trailer is designed for buyers who refuse to compromise on quality.

The spacious 8.5-foot wide by 36-foot long design provides exceptional room for race cars, classic cars, lifted trucks, side-by-sides, motorcycles, commercial equipment, and everything needed for a successful trip. With a 21,000 lb GVWR and approximately 16,000 lbs of payload capacity, you'll have the capability to haul substantial loads while maintaining excellent stability thanks to the triple axle suspension system.

This trailer features a striking .080 Black Polycore exterior with a Super Stealth Blackout Package, giving it a sleek, professional appearance while offering outstanding durability. The semi-screwless exterior provides a cleaner, more finished look, and the rugged steel frame is engineered to stand up to years of heavy use. From the reinforced 8-inch steel tube main frame to the triple tube tongue, every component is built with strength and reliability in mind.

Loading and unloading is made easy with the heavy-duty spring-assisted rear ramp door featuring an extended flap and built-in rear dovetail. Two oversized 54" x 48" escape doors allow you to comfortably enter and exit vehicles after loading, making this trailer especially convenient for sports cars, race cars, and other low-clearance vehicles. Inside, the generous 7-foot interior height provides plenty of headroom for taller vehicles while also allowing room for shelving, cabinets, overhead storage, or a complete custom trailer build.

Perfect For

Race teams and motorsports enthusiasts
Classic and collector car transport
Drag racing and autocross
Side-by-sides and UTVs
Lifted trucks and Jeeps
Motorcycle collections
Contractor equipment
Mobile workshops
Mobile detailing businesses
Commercial equipment transport
Event and display trailers

One of the biggest advantages of this Rock Solid Cargo trailer is its versatility. It can serve as a dedicated race trailer, a secure enclosed car hauler, a contractor's mobile workspace, or the foundation for a fully customized trailer build. Its premium construction and spacious layout make it a smart investment for anyone who depends on reliable transportation for valuable equipment or vehicles.

Since 2007, Southern Trailer Depot has been helping customers throughout Georgia and across the country find the right trailer for work, recreation, and business.
