Built for serious enthusiasts and professionals alike, this Rock Solid Cargo 8.5x36 Triple Axle Enclosed Car Hauler delivers the size, strength, and premium features needed to haul your most valuable cargo with confidence. Whether you're transporting race cars, classic cars, lifted trucks, side-by-sides, motorcycles, or commercial equipment, this trailer is engineered to perform mile after mile.

Finished in a striking .080 Black Polycore exterior with a Super Stealth Blackout Package, this trailer combines rugged durability with a sleek, modern appearance. The semi-screwless exterior creates a cleaner finish while helping reduce exposed fasteners, giving the trailer a premium look that stands out wherever you go. Built on a heavy-duty steel frame with an 8-inch tube main frame and triple tube tongue, it's designed to withstand years of demanding use.

With a 21,000 lb GVWR and approximately 16,000 lbs of payload capacity, this trailer is ready for heavy-duty hauling. The triple 5,200 lb electric brake axles with E-Z Lube hubs provide excellent stability and braking performance, while the built-in rear dovetail and spring-assisted rear ramp

door make loading low-profile vehicles easier. Two oversized 54" x 48" escape doors allow you to enter and exit vehicles comfortably without squeezing through tight openings or risking damage to your doors.

Inside, you'll appreciate the spacious 7-foot interior height, offering plenty of room for taller vehicles, overhead storage, shelving, cabinets, or a complete race trailer or mobile workshop conversion. The durable plywood floor and walls provide a strong foundation for hauling equipment or adding custom accessories to fit your needs.

Ideal For

Race teams and motorsports enthusiasts

Classic and exotic car transport

Drag racing and autocross

Lifted trucks and Jeeps

Side-by-sides and UTVs

Motorcycle collections

Mobile workshops

Contractors and commercial equipment

Mobile detailing businesses

Event support and vendor trailers
