If you're looking for a serious enclosed car hauler built for demanding use, this Rock Solid Cargo 8.5x36 Triple Axle Enclosed Trailer is engineered to handle the job. Whether you're transporting race cars, show cars, off-road vehicles, commercial equipment, or building the ultimate mobile workshop, this trailer delivers the space, strength, and premium features to get it done. Finished in a stunning .080 Black Polycore exterior with a Super Stealth Blackout Package, this trailer stands out with a sleek, professional appearance while offering the durability and low-maintenance benefits of Polycore construction. The semi-screwless exterior provides a cleaner, more modern look while helping reduce exposed fasteners for an upgraded finish. Built on an 8-inch steel tube main frame with a triple tube tongue, this Rock Solid Cargo trailer is designed for long-term durability and confidence on the road. Triple 5,200 lb electric brake axles combine with a heavy-duty rear ramp door, integrated dovetail, and a 15,600 lb GVWR package to make loading and transporting valuable vehicles and equipment easier and more secure. The trailer also includes a 5-year factory warranty for added peace of mind. Inside, you'll find an impressive 7-foot interior height that provides generous headroom for taller vehicles, shelving, cabinets, or future customization. Two oversized 54" x 48" escape doors make entering and exiting vehicles much easier while reducing the risk of door damage during loading.

Whether you're hauling a race car, classic car, lifted truck, side-by-side, or multiple motorcycles, the spacious interior offers exceptional flexibility.
