### Description

Triton LTWCII-X Aluminum 2-Place Jet Ski Trailer  
Fully Welded Frame

Tongue Jack and Ratchet Straps: 1000 swivel wheel tongue jack with 10" up/down travel helps you easily move the trailer into position. Rear ratchet straps secure machines and retract when not in use. (2 straps per machine).

Adjustable 6' bunks and Infinite Slide Adjust (ISA) bow stop allow for proper fit of any personal watercraft, from one-seat to three-seat models.

Adjustable Bunks: 6' bunks can slide from left to right to properly accommodate the craft hull.

Bunks can also be angled to perfectly cradle the craft.

Tie Downs: Welded aluminum tie downs provide multiple points to secure crafts.

Galvanized Axle: Galvanized axle for corrosion resistance.

Sealed LED Lights: Sealed lights and wiring harnesses throughout trailer resist corrosion caused by moisture.

Keel Guard: Non-marring, UV-resistant keel guard is positioned at a potential impact area to shield the craft.

Aluminum Wheels
