Description

Our Patriot Flatbed checks lots of boxes: fitting every truck, with a chamfered rear that enables easier maneuvering when hauling, plus LED lights increase visibility for nighttime drives. Meanwhile, a 30K gooseneck ball makes towing heavy loads simple. Haul materials of all sorts, and rest easy that the load is safe and secure when you arrive at a job site, thanks to the Patriot Flatbeds' innovative design.

You can add-on an underbody toolbox for more storage space or tack on a 16-inch trough for ease of gooseneck attachment. Or maybe opt for 4-inch drop-in sides or a drop-in rear gate for added functionality.
