Description

This 2027 Homesteader 20 ft enclosed car hauler rides on a steel frame with Dexter axles and EZ-lube hubs for dependable long-term service. The beavertail design paired with a spring-assist, knife-edge ramp door makes loading low-clearance vehicles easy, and a 24-inch stoneguard protects the front end from road debris. A V-nose profile improves towing efficiency, and inside, a 3/4-inch floor over 3/8-inch walls delivers a solid, quiet ride. Safety chains, a 2 5/16-inch adjustable ball coupler, and a one-piece roof round out a well-built trailer, while 5,200 lb axles and radial tires keep towing smooth. With 7 ft of interior height and a 9,950 lb GVWR, this Homesteader car hauler is priced at \$11,299.

Key Specs:
