2027 Sure-Trac 6x12 Tandem Axle Tube Top Utility

Type	Trailer or Truck Bed	Category	Utility Trailer
Stock#	9077	Location	Roxbury Trailers
Year	2027	Status	Pending Sale
Condition	New	Manufacturer	Sure-Trac
Model	ST-UTT7212-070	Floor Length	144in / 12ft
Floor Width	71.5in / 5ft 11.5in	GVWR	7000
Weight	1295	Payload Capacity	5705
Axle Capacity	3500		
Color	Black	Fenders	Tread Plate, Double Brake
Wheels	15", 5 on 4.5, Radial Tires	Coupler	2-5/16 Ball
Jack	Setback 2K Zinc Plated Jack	Pull Type	Bumper
Axles	2	Suspension Type	Leaf Spring Suspension
Construction	Steel	Warranty	3-Year Frame and Component Overall Protection 1-Year Tire Hazard and Abuse Protection 5-Year Standard Tire Warranty 5-Year Axle and Suspension Warranty
Length	191in / 15ft 11in	Brakes	Yes, Electric - Both Axles
Lights	LED	Tires	205/75R15 LRC

Side Wall Height	13in / 1ft 1in	Gate	YES
Load Securement	Stake Pockets Tube Rail	Frame	3 x 2 x 1/4 Angle

Price: \$4,095.00

Description

The Benchmark of Commercial Open Utilities: 2026 Sure-Trac 6x12 7K Tube Top Tandem

The Sure-Trac 7x14 Tube Top Tandem is engineered strictly for commercial applications where equipment downtime isn't an option. Designed as a true heavy-duty utility, it provides professional landscape crews, contractors, and haulers with an unyielding foundation that outlasts standard open builds.

The 6x12 footprint combined with a 7,000 lb. GVWR gives you the ultimate balance of high payload capacity and nimble maneuverability on North Jersey roads. With a 1/4" thick steel frame upgrade and a fully enclosed structural tube top rail, this rig is built to handle heavy commercial zero-turns and equipment day after day without breaking a sweat.

Key Capabilities & Dimensions

- GVWR: 7,000 lbs
- Axles: Dual 3,500 lb. Spring Braked Axles
- Width: 6' (72" Deck Width)
- Length: 12'

Technical Specifications

Axles (2) 3,500 lb. Spring Brake Axles (Brakes on BOTH Axles)
Main Frame 3" x 2" x 1/4" Heavy-Duty Steel Angle
Top Rail & Uprights 2" x 2" Rigid Steel Tube (Full-Seam Welded)
Tongue 4" Wrapped Steel Channel
Crossmembers 3" x 2" x 3/16" Steel Angle
Decking 2" Pressure-Treated Pine (With Built-in Board Retainers)
Ramp Gate 4' Fold-Flat Spring-Assist with Grab Handle & Self-Retained Pins
Electrical 7-Way Round Blade Plug with Breakaway Battery Safety Kit
Lighting Full LED, DOT Compliant
Finish Premium Industrial-Grade Polymer Powder Coat
Wheels & Tires 15" Radials (ST205/75R15C 6-Ply) on 5-Hole Steel Wheels
Jack 2K Top-Wind Set-Back Jack

Why the Sure-Trac Tube Top Stands Alone

1. Premium Rigidity: 2" x 2" Tube Top Rail

Instead of standard angle-iron that bows outward when securing equipment, Sure-Trac builds these with a fully enclosed 2" x 2" structural steel tube top rail full-seam welded to heavy tube uprights. Acting as an integrated structural truss, this design eliminates side-wall flex and maintains total rigidity under maximum load.

2. Ultimate Stopping Power & Stability: Dual Axle Brakes

We don't cut corners on safety. While budget builds often spec tandem trailers with brakes on only one axle, this Roxbury spec comes standard with electric brakes on both axles paired with a commercial breakaway kit. This ensures full legal compliance, optimal towing stability, and smooth, confident stopping power when fully loaded.

3. Smart Loading: Heavy-Duty Fold-Flat Ramp Gate

The 4-foot rear ramp gate is fitted with an integrated spring-assist system and a massive grab handle, allowing you to lift and lower it effortlessly. Thanks to its true fold-flat design, you can lay the gate completely flat onto the deck when towing empty to eliminate wind drag and maximize truck fuel economy, or let longer cargo overhang safely.

4. Thoughtful, Professional Touches

- **Set-Back Jack Protection:** The tongue jack is engineered further back on the 4" channel tongue, meaning you can drop your truck's tailgate or open your SUV hatch completely without worrying about it smashing into the jack handle.
- **Self-Retained Gate Pins:** No cheap lynchpins on chains that break off and get lost on the job site. These spring-loaded pins are permanently fixed to the gate assembly.
- **Fully Enclosed Wiring:** All wiring runs safely inside the tubular frame, shielded from road salt, gravel, and weather to prevent the corrosion issues that plague lesser trailers.

The Verdict

The Sure-Trac 6x12 Tube Top is a premium, long-term commercial asset. It delivers the towing stability of a true tandem configuration, the bulletproof strength of a tube-steel cage, and a clean, professional look behind your truck.

-
- **Temporary License Plate:** Included with all trailer purchases.
 - **NJ Residents:** 6.625% Sales Tax applies at the time of purchase.
 - **Non-Residents:** Pay sales tax at the time of registration in your home state.
