2026 Sure-Trac 7x14 7K Aluminum Tube Top Utility Trailer

Type	Trailer or Truck Bed	Category	Utility Trailer
Stock#	9079	Location	Roxbury Trailers
Year	2026	Status	Available
Condition	New	Manufacturer	Sure-Trac
Model	7x14 7K Aluminum Tube Top Utility Trailer	Floor Length	168in / 14ft
Floor Width	81.5in / 6ft 9.5in	GVWR	7000
Weight	1485	Payload Capacity	5515
Axle Capacity	3500		
Color	Aluminum	Wheels	15", 5-Lug Aluminum
Coupler	2-5/16th Ball	Jack	2K Set Back
Pull Type	Bumper	Axles	2
Suspension Type	Leaf Spring Suspension	Construction	Aluminum

Length	225in / 18ft 9in	Warranty	3-Year Frame and Component Overall Protection 1-Year Tire Hazard and Abuse Protection 5-Year Standard Tire Warranty 5-Year Axle and Suspension Warranty
Brakes	YES- Both Axles	Lights	LED
Tires	ST205/75R15C 6-PLY	Floor	2" Pressure Treated Pine
Load Securement	Stake Pockets	Frame	3" x 2" x 3/16" Aluminum Angle

Price: \$6,495.00

Description

2026 Sure-Trac 7x14 Aluminum Tube Top Tandem Utility Trailer (7K GVWR)

Rust-Resistant Lightweight Chassis with 5,500+ LB Payload Capacity & 15" Aluminum Wheels

The 2026 Sure-Trac 7x14 Aluminum Tube Top Tandem provides the ultimate balance of heavy-duty commercial hauling power and zero-maintenance, rust-proof longevity. Built on a rigid structural aluminum angle frame with a 4" x 2" aluminum tube tongue, this 7,000 lb. GVWR open utility weighs in at a lightweight 1,485 lbs, leaving an impressive 5,515 lbs of usable net payload. Designed for commercial landscapers, contractor crews, and powersports owners who demand a long-lasting trailer that won't rust out or require continuous paint touch-ups, this model comes standard with premium 15" 5-lug aluminum wheels, smooth teardrop aluminum fenders, a continuous 2" x 2" tubular top rail, and a heavy-duty 2,200 lb. rated aluminum ramp gate.

Key Capacities & Dimensions

- GVWR: 7,000 lbs (Tandem Axle Class)
- Curb Weight: 1,485 lbs
- Net Payload Capacity: 5,515 lbs
- Deck Dimensions: 7' Wide (81.5" Between Fenders) x 14' Long
- Overall Length: 225" (18' 9")
- Deck Height: 18"
- Coupler Height: 16"

- Running Gear: Dual 3,500 lb. Spring Brake Axles (7,000 lb. Combined Rating)
-

Technical Specifications

Feature Specification

Main Frame 3" x 2" x 3/16" Structural Aluminum Angle Chassis
Tongue 4" x 2" Structural Aluminum Tube A-Frame
Top Rail 2" x 2" Heavy-Duty Structural Aluminum Tube
Uprights 2-1/2" x 1-1/4" Structural Aluminum Tube
Crossmembers 3" Structural Aluminum Channel
Decking 2" Pressure-Treated Pine Wood
Ramp Gate 4' Heavy-Duty Aluminum Ramp Gate (2,200 lb. Load Rating)
Running Gear (2) 3,500 lb. Spring Braking Axles with Easy Lube Hubs
Braking System Electric Brakes on BOTH Axles with Breakaway Battery Kit
Wheels & Tires ST205/75R15C 6-PLY Radial Tires on 15" 5-Lug Aluminum Wheels
Fenders Teardrop Smooth Aluminum Fenders
Coupler / Jack 2-5/16" A-Frame Ball Coupler / 2,000 lb. Set-Back Jack
Tie-Down System Perimeter Heavy-Duty Stake Pockets + Integrated Spare Tire Carrier
Electrical / Plug Round 7-Pin Blade Plug / Full DOT LED Lighting Package

Core Performance & Design Highlights

1. Corrosion-Proof All-Weather Aluminum Frame

Say goodbye to road salt damage and rust. The primary chassis, crossmembers, uprights, and top rail are engineered from high-strength structural aluminum. This non-corrosive build retains its sleek aesthetic and structural integrity over years of harsh winter towing and constant outdoor storage.

2. Massive 5,515 Lb. Net Payload

Because the lightweight aluminum frame weighs under 1,500 lbs empty, you don't waste your towing capacity on trailer deadweight. Featuring dual 3,500 lb. spring braking axles, this platform easily legally transports over 2.75 tons of commercial cargo, zero-turn mowers, compact tractors, or side-by-sides.

3. High-Capacity 2,200 Lb. Aluminum Ramp Gate

Standard ramp gates can bend or bow under concentrated wheel loads. Sure-Trac specs this unit with a heavy-duty 4-foot aluminum ramp gate rated for 2,200 lbs, allowing you to roll heavy commercial mowers, machinery, or ATVs up onto the deck with complete confidence while keeping lifting effort to a minimum.

4. Integrated 2" x 2" Tubular Top Rail Architecture

Unlike cheap utility trailers built with light angle-iron top rails that flex outward under strap pressure, Sure-Trac constructs the upper wall with a 2" x 2" enclosed aluminum tube rail. Fully welded to heavy 2-1/2" x 1-1/4" tube uprights, this tubular upper frame forms a rigid exoskeleton that keeps the trailer square under load.

5. Premium Fleet & Safety Upgrades

- **Standard 15" Aluminum Wheels:** Upgrades the trailer's appearance while eliminating wheel rust around the hub studs.
 - **Set-Back Jack Protection:** Positioned safely behind the coupler on the aluminum A-frame tongue, allowing you to drop your tow vehicle's tailgate completely without striking the jack handle.
 - **Dual-Axle Electric Brakes:** Standard electric brakes on all four wheels combined with an electronic breakaway safety kit ensure maximum highway stopping power and towing stability.
-

Pricing & Yard Terms

- **Price:** Cash/Check Price Listed
 - **Processing Fees:** A 3% processing fee applies to credit card transactions.
 - **Financing:** Personal/Commercial financing options are available through multiple lenders.
 - **Dealer Fees:** \$0. We charge absolutely zero documentation, prep, or administrative fees.
 - **Documentation:** Temporary license plate/transit registration included with purchase for immediate highway use.
