## Description

### Quake Cargo Trailer

Quake Cargo Trailers are engineered for durability, style, and dependable performance. This enclosed cargo trailer delivers commercial-grade strength with a sleek exterior that's built to last. From the bonded sidewalls to the undercoated frame, every detail is designed to protect your cargo mile after mile.

### Key Benefits

- Rear Opening Height - 80"
- Width Interior - 81"
- Width Rear Opening - 77.5"
- Ramp Load Capacity - 2500#
- Side Door - 36" Wide Flush Lock, Plastic Holdback
- 

### Tube Steel Wall Studs and Roof Bows — Strength Where it Counts

Unlike stamped or formed framing, our tube steel construction resists flexing and cracking for superior long-term durability.

### Automotive Undercoat — Built for the Road

Protects the trailer frame from corrosion and wear, keeping it strong through rough conditions and daily use.

VHB-Bonded Field with Color Matching Seam Screws — Seamless Exterior Look  
Combines high-strength bonding with clean, consistent visuals for a smooth, professional appearance.

Engineered Wood Floors and Walls — Dependable Load Support

Engineered panels provide enhanced structural integrity and resist warping or delamination over time.

Why Choose an Impact Quake Cargo Trailer?

Built to Haul Hard

Quake Cargo Trailers are built for serious work—jobsite tough and road ready. The fully enclosed design shields your cargo from the elements, while commercial-grade construction stands up to the grind. It's a cargo trailer that works as hard as you do and doesn't quit when the road gets rough.

Purpose-Driven Utility

From contractors to outdoor pros, this enclosed cargo trailer adapts to whatever you throw its way. It's perfect for tools, gear, or supplies—and it's built to keep it all protected and secure, whether you're heading to a jobsite or a weekend destination.

Smart Construction, Tough Materials

Every part of the Quake is selected for long-term performance. Tube steel framing brings unmatched structural strength, while automotive undercoating defends against road wear. The engineered wood interior resists warping, and the VHB-bonded exterior gives the trailer a clean, high-end finish.

Confidence on Every Run

When you tow a Quake, you're hauling with confidence. You're not just getting a trailer—you're investing in durability, dependability, and a professional-grade look that lasts. Fewer repairs, less downtime, and more time getting the job done right.
