Description

The 2027 ATC 8.5X24 All-Aluminum Enclosed Cargo Trailer is a premium all-aluminum trailer with a screwless aluminum exterior and a one-piece aluminum roof. All-aluminum construction is the reason to buy one: it does not rust, and it tows lighter than the same trailer in steel.
• 9,900-lb GVWR with tandem torsion axles with electric brakes, 7' (84") interior height

• All-aluminum tube main frame with aluminum wall and roof posts
• Screwless.030 aluminum exterior with a one-piece aluminum roof
• 3/4" plywood floor with an aluminum-lined interior
• Rear ramp door
• Aluminum-frame side entry door with a flush lock
• LED lighting, aluminum fenders and a polished front stone guard
This unit also includes:
• Escape door
