Description

Sure-Trac Tube Top 3-Board High Side Utility Trailer

Heavy-Duty Open Hauler with 22" High Wood Sides & Spring-Assisted Fold-Flat Ramp Gate

The Sure-Trac Tube Top 3-Board High Side Utility Trailer is engineered for maximum cargo containment, lightweight versatility, and effortless loading. Built with a rigid 2" x 2" square steel tube top rail, full tube uprights, and 5/4 pressure-treated lumber sidewalls, this high-capacity open trailer keeps loose materials like mulch, soil, gravel, firewood, and trash fully contained during transport. Whether you are a commercial landscaper hauling gear to job sites or a homeowner tackling weekend projects, this platform delivers heavy-duty structural integrity paired with user-friendly features like a spring-assisted fold-flat ramp gate and factory-installed D-ring tie-downs.

Key Features & Specifications

Feature Specification / Detail

Sidewalls 22" Tall Sides (5/4 Treated Lumber with Front & Rear Board Retainers)

Top Rail & Uprights 2" x 2" Structural Steel Tube Top Rail with Steel Tube Uprights

Running Gear Axle(s) with Easy Lube Hubs & Black Steel Wheels

Fenders Heavy-Duty Tread Plate Fenders

Jack & Tongue Setback Zinc-Plated Jack with Protective Frame Placement
Cargo Accessories Pre-Welded Side Spare Tire Carrier
Electrical & Wiring Full LED Lighting Package with Wiring Sealed Inside Tubular Steel
Finish High-Gloss Industrial Powder Coat
Warranty Limited 3-Year Factory Warranty

Core Performance & Design Highlights

1. 22" High Wood Sidewall Containment

Built with 5/4 pressure-treated lumber secured by steel board retainers, the 22-inch high walls provide a solid perimeter barrier. This allows you to haul bulky, loose materials like mulch, topsoil, brush, or debris without worrying about cargo spilling over the sides.

2. Spring-Assisted Fold-Flat HD Ramp Gate

The heavy-duty rear ramp gate features an integrated spring-assist system that dramatically reduces lifting effort. For added versatility, the gate folds completely flat onto the trailer bed when towing empty, reducing wind drag to improve tow-vehicle fuel economy and allowing long materials to overhang the rear.

3. Enclosed Wiring & Rigid Tubular Framework

Unlike budget angle-iron trailers that flex under load, Sure-Trac builds this chassis with a continuous 2" x 2" square tube top rail and tube uprights. All electrical wiring is routed inside the tubular steel frame members, shielding harnesses from gravel, weather, and road debris.

4. Jobsite-Ready Utility Infrastructure

- Self-Retained Gate Pins: Attached directly to the frame so you never lose gate pins on a job site.
- (4) 1/2" D-Rings: Heavy anchor points provide quick, reliable strap placement for equipment, mowers, or furniture.
- Setback Jack: Mounted safely behind the coupler to prevent damage to your tow vehicle's tailgate or hatch.

Pricing & Yard Terms

- Price: Cash/Check Price Listed. Financing Available!
 - Processing Fees: A 3% processing fee applies to credit card transactions.
 - Dealer Fees: \$0. We charge zero documentation, prep, or administrative fees.
