Price: \$2,650.00

Description

2026 Sure-Trac 5x8 Tube Top 3-Board High Side Utility Trailer (2,990 lb. GVWR)

Compact High-Capacity Open Hauler with 2,000 LB Payload & Spring-Assisted Fold-Flat Ramp Gate

The 2027 Sure-Trac 5x8 Tube Top 3-Board High Side delivers heavy-duty containment and commercial-grade hauling power in a compact, easy-to-tow footprint. Built with a rigid 2" x 2" square steel tube top rail, full tube uprights, and 3-board wood sidewalls, this high-capacity utility trailer keeps loose cargo like mulch, topsoil, gravel, firewood, and jobsite debris fully enclosed during transport. Ideal for landscapers, contractors, or homeowners tackling heavy weekend projects, this 5x8 platform offers a full 2,000 lb. net payload capacity that can be easily towed by half-ton trucks, crossovers, or mid-size SUVs.

Key Capacities & Dimensions

- GVWR: 2,990 lbs (Single Axle Class)
- Curb Weight: 990 lbs
- Net Payload Capacity: 2,000 lbs
- Bed Dimensions: 59.5" Clear Deck Width (Between Fenders) x 96" Length (5' x 8')
- Overall Dimensions: 137" Overall Length / 18" Deck Height / 16" Coupler Height
- Ramp Gate: Full-Width Fold-Flat HD Ramp Door with Spring Assist & Grab Handle

Technical Specifications

Feature Specification

Electrical / Lights 4-Way Flat Molded Plug / Full DOT-Compliant LED Lighting Package
Finish High-Gloss Industrial Polymer Powder Coat (Black)

Core Performance & Design Highlights

1. High-Containment 3-Board Wood Sidewalls

Featuring 5/4 pressure-treated lumber secured by heavy steel board retainers, the 22-inch high wood sides create a solid vertical barrier. This allows you to heap bulk materials like soil, mulch, brush, or trash into the bed without cargo spilling over onto the highway.

2. Spring-Assisted Fold-Flat Ramp Gate

The heavy-duty steel mesh ramp gate features an integrated spring-assist assembly that takes the strain off your back during setup. When towing empty, the gate folds completely flat onto the pine deck to reduce highway wind drag and improve your tow vehicle's fuel economy.

3. Enclosed Wiring & Rigid 2" x 2" Tube Top Rail

Unlike budget utility trailers built with light angle-iron rails that flex under load, Sure-Trac constructs the upper wall frame with a 2" x 2" structural steel tube top rail. All electrical wiring is routed safely inside the tubular steel frame members to shield harnesses from road debris and weather.

4. Smart Jobsite Infrastructure

- Setback Jack: Positioned safely behind the 2" coupler on the A-frame tongue, allowing you to drop your tow vehicle's tailgate completely without striking the jack handle.
 - Self-Retained Gate Pins: Latch pins remain tethered directly to the frame so you never lose hardware on a busy jobsite.
 - Integrated Securing: Equipped with four 1/2" welded floor D-rings for tying down equipment and a pre-welded side spare tire mount.
-

Pricing & Yard Terms

- Price: Cash/Check Price Listed. Financing Available!
- Processing Fees: A 3% processing fee applies to credit card transactions.
- Dealer Fees: \$0. We charge zero documentation, prep, or administrative fees.
