Price: \$4,695.00

Description

The Professional Standard: 2026 Sure-Trac 7x16 7K Tandem Axle Tube Top Utility

If your business relies on a trailer every day, you know that "budget" trailers are built to hit a price point, not a deadline. The 2026 Sure-Trac Tube Top is engineered for the professional who doesn't have time for the structural failures, wiring issues, and poor finishing common in entry-level builds. At 16 feet with a 7,000 lb GVWR, this tandem-axle unit is the industry benchmark for durability and resale value.

The "Tube Top" Difference: Built for the Job Site

- **Rigid Square-Tube Frame:** Most trailers use thin angle iron for the top rail, which eventually twists under heavy loads. Sure-Trac uses a 2" x 2" square steel tube rail that is full-seam welded to the uprights. This creates a rigid "box" structure and keeps your wiring protected inside the steel, not exposed to the elements.
- **Dual-Axle Braking:** We don't cut corners on safety. This unit features electric brakes on both 3,500 lb. axles. If you are hauling a full 5,000 lb payload on North Jersey highways, having stopping power on all four wheels is a requirement, not an option.
- **Fuel-Efficient Fold-Flat Gate:** The HD ramp gate is spring-assisted for one-handed operation and features a fold-flat design. When empty, the gate lays flat on the deck. This eliminates wind drag and pays for itself in fuel savings over the life of the trailer.
- **Professional Finish:** Every Sure-Trac undergoes a multi-stage pre-treatment followed by an Industrial Grade Polymer Finish. It's designed to fight off the road salt and grime that eats through the cheap paint found on big-box alternatives.

Technical Specifications

GVWR 7,000 lbs

Net Payload Approx. 5,100 lbs

Axles (2) 3,500 lb. Slipper Spring Brake Axles

Top Rail 2" x 2" Square Steel Tube

Decking 2" Pressure Treated Pine w/ Board Retainers

Gate 4' Fold-Flat Spring-Assist w/ Grab Handle

Tires ST205/75R15C 6-PLY Radials

Jack 2K Set-Back (Protects truck tailgate)

Standard Professional Features

- Radial Tires: Standard 15" Radials run cooler and last longer than cheap bias-ply tires.
 - Full LED Lighting: Sealed, DOT-compliant LEDs eliminate the headache of flickering bulbs and poor grounds.
 - Heavy-Duty Fenders: Double-break tread plate fenders built to withstand the abuse of a real job site.
 - Ready to Work: Includes a factory-welded spare tire carrier and self-retained gate pins.
-

Sales & Logistics

- Pricing: The listed price reflects a Cash/Check discount. Credit/Debit cards are accepted with a 3% processing fee.
 - Paperwork: We include a temporary license plate with every purchase so you can hit the road immediately.
 - Taxes: NJ residents pay 6.625% sales tax. Out-of-state buyers pay their local tax at the time of registration.
 - Inventory: Units move quickly. Please call to confirm exact specs and availability on the lot.
-

You can buy a cheap trailer every three years, or you can buy a Sure-Trac once. Come see the difference in person.
