Price: \$5,095.00

Description

2027 Sure-Trac 7x20 Tube Top Utility Trailer (Tandem Axle / 7K GVWR)

Massive 20-Foot Commercial Deck, 2" x 2" Tubular Steel Top Rail, & Spring-Assisted Fold-Flat Ramp Gate

The 2027 Sure-Trac 7x20 Tube Top Utility Trailer is built for commercial landscapers, contractors, and powersports operators who need maximum deck length and frame rigidity. Engineered with a full-seam welded 2" x 2" square steel tube top rail and tube uprights, this flagship 20-foot tandem-axle platform eliminates the flex and twisting common in standard angle-iron utility trailers. Offering an impressive 4,590 lb. net payload capacity, this extra-long platform is ideal for hauling multiple zero-turn mowers, multi-unit UTV setups, or long construction materials with ease.

Key Capacities & Dimensions

- GVWR: 7,000 lbs (Tandem Axle Class)
 - Curb Weight: Approx. 2,410 lbs
 - Net Payload Capacity: 4,590 lbs
 - Bed Dimensions: 81.5" Clear Deck Width (Between Fenders) x 240" Length (7' x 20')
 - Overall Footprint: 20-Foot Box Length / 18" Deck Height / 16" Coupler Height
 - Ramp Gate: Heavy-Duty Ladder-Style Fold-Flat Ramp Gate with Spring Assist & Grab Handle
-

Technical Specifications

Feature Specification

Main Frame 4" x 3" x 1/4" Heavy-Duty Steel Angle Chassis

Top Rail & Uprights 2" x 2" Structural Steel Tube (Full-Seam Welded)
Crossmembers 3" x 2" x 3/16" Steel Angle
Tongue Structural Steel Channel A-Frame
Decking 2" Pressure-Treated Pine Decking with Front/Rear Board Retainers
Running Gear (2) 3,500 lb. Spring Braking Axles with Easy Lube Hubs
Wheels & Tires ST205/75R15 Radial Tires / 15" 5-Lug Steel Wheels
Fenders Square Rolled Steel Tread Plate Fenders
Ramp Gate HD Ladder-Style Fold-Flat Ramp Gate w/ Spring Assist & Self-Retained Pins
Tie-Down System Perimeter Integrated Stake Pockets
Coupler / Jack 2-5/16" A-Frame Ball Coupler / Setback 2,000 lb. Zinc-Plated Jack
Electrical / Lights Sealed Internal Wiring Harness / Full DOT-Compliant LED Lighting Package
Finish High-Gloss Industrial Polymer Powder Coat (Black)

Core Performance & Design Highlights

1. Massive 20-Foot Commercial Deck Platform

With 20 feet of usable deck length and an 81.5-inch clear width between fenders, this platform allows crew leaders to pack multiple zero-turn mowers, full UTV fleets, or bulky construction materials onto a single trailer—eliminating the need for multiple tow vehicles or repeat trips.

2. Rigid 2" x 2" Structural Steel Tube Top Rail

Standard economy utility trailers use lightweight angle-iron rails that bow outward under strap tension or tool impact. Sure-Trac builds this unit with a continuous 2" x 2" steel tube top rail welded solid to tubular uprights, creating an unyielding frame truss that resists highway twist and rattle.

3. Heavy-Duty Spring-Assisted Fold-Flat Ramp Gate

The heavy-duty ladder-style mesh ramp door features an integrated spring-assist assembly to minimize back strain. Equipped with self-retained locking pins and a heavy grab handle, the gate folds completely flat onto the deck when towing empty to eliminate highway wind drag and improve fuel economy.

4. Internal Wiring Protection & Setback Jack Design

- Enclosed Wiring: All electrical wiring is routed inside the tubular steel frame members, shielding harnesses from gravel, brush, and road salt.
- Setback Jack: Positioned safely behind the coupler on the A-frame tongue, allowing you to drop your tow vehicle's tailgate completely without striking the jack handle.

5. Smooth Tandem-Axle Highway Tracking

Equipped with dual 3,500 lb. braking axles with Easy Lube hubs, offering balanced weight distribution, maximum braking power, and smooth highway stability under full commercial payloads.

Pricing & Yard Terms

- Price: Cash/Check Price Listed. Financing Available!
- Processing Fees: A 3% processing fee applies to credit card transactions.

- Dealer Fees: \$0. We charge absolutely zero documentation, prep, or administrative fees.
 - Documentation: Temporary license plate/transit registration included with purchase for immediate road use.
