Price: \$6,995.00

MSRP: \$7,580.00

Description

2026 Sure-Trac 7x18 Heavy-Duty Equipment Trailer (14K GVWR / 16' + 2' Beavertail)

6" Wrapped Channel Frame, 2' Cleated Beavertail, 5' Spring-Assist Ramps w/ Support Legs, & 12K Drop-Leg Jack

Engineered for heavy equipment operators, civil contractors, and agricultural haulers, the 2026 Sure-Trac 7x18 14K Equipment Trailer (16' Flat Deck + 2' Beavertail) is built to transport skid steers, mini excavators, compact tractors, and heavy machinery. Constructed on a heavy 6" steel channel main frame, a fully wrapped 6" channel tongue, and 16" on-center channel crossmembers, this platform yields a massive 11,130 lb. net payload capacity.

Equipped with a 24-inch cleated beavertail, 5-foot spring-assisted stand-up channel ramps with adjustable support legs, an adjustable 2-5/16" coupler, and a 12,000 lb. setback drop-leg jack, this setup makes loading steel-tracked or rubber-tired equipment safe and effortless on any jobsite.

Key Capacities & Dimensions

- GVWR: 14,000 lbs (Commercial 14K Class)
- Curb Weight: 2,870 lbs
- Net Payload Capacity: 11,130 lbs
- Deck Dimensions: 82" Clear Deck Width (Between Fenders) x 18' Total Length (16' Flat Deck + 2' Beavertail)
- Overall Footprint: 297" Overall Length / 24" Deck Height / 19"-27" Adjustable Coupler Height

- Ramp System: 4" Channel x 5' Stand-Up Ramps with Heavy Spring Assist & Adjustable Support Legs
 - Beavertail: 2' (24") Angled Cleated Beavertail for Low Loading Angle
-

Technical Specifications

Feature Specification

Main Frame 6" Heavy Structural Steel Channel (Winch-Ready Frame)
Tongue Assembly 6" Structural Steel Channel Fully Wrapped C-Channel Tongue
Crossmembers 3" Structural Steel Channel on 16" On-Center Spacing
Decking 2" x 6" Pressure-Treated Pine Decking
Bulkhead Heavy-Duty Tubular Steel Front Bulkhead
Running Gear (2) 7,000 lb. Heavy-Duty Slipper Spring Braking Axles w/ Easy Lube Hubs
Wheels & Tires ST235/80R16E 10-PLY Radial Tires on 16" 8-Lug Steel Wheels
Coupler / Jack Adjustable 2-5/16" Ball Coupler / Setback 12,000 lb. Drop-Leg Jack
Tie-Down System (4) 1/2" Welded D-Rings, Full-Length Stake Pockets, & Outer Rub Rail
Fenders Heavy-Duty Double-Break Steel Tread Plate Fenders
Storage Ready Recessed Deck Provision Ready for Drop-In Lockable A-Frame Toolbox
Electrical / Lights 7-Way RV-Style Plug / Full DOT-Compliant LED Lighting Package
Finish High-Gloss Industrial Polymer Powder Coat (Black)

Core Performance & Design Highlights

1. 2' Beavertail & 5' Spring-Assist Ramps w/ Adjustable Support Feet

Loading heavy machinery is smooth and secure. The integrated 2-foot cleated beavertail significantly drops the rear approach angle. The 5-foot 4" channel stand-up ramps feature heavy internal spring assist to reduce back strain and drop down on adjustable support legs to stabilize the deck on soft or uneven ground—preventing the rear of the trailer from squatting and lifting your tow truck's rear tires off the traction surface.

2. Fully Wrapped 6" Channel Frame & Winch-Ready Subframe

Unlike economy equipment trailers that butt-weld the tongue to the front crossmember, Sure-Trac wraps the heavy 6" steel channel tongue all the way back to the front axle. Combined with 3" channel crossmembers on tight 16" centers and a winch-ready front frame structure, this chassis resists frame flex under heavy concentrated wheel loads.

3. 12,000 LB Drop-Leg Jack & Adjustable Coupler

- 12K Setback Jack: Heavy-duty drop-leg jack makes hitching and unhitching quick, even under maximum tongue weight. Its setback positioning allows you to drop your tow vehicle's tailgate completely without striking the jack handle.
- Adjustable Coupler: The multi-position 2-5/16" ball coupler adjusts easily from 19" to 27" to ensure level towing across lifted trucks, commercial dumps, or fleet vehicles.

4. Turn-Key Cargo Control & Security Infrastructure

Equipped for instant jobsite DOT compliance right off the yard:

- (4) 1/2" Welded D-Rings: Heavy anchor loops welded directly to the main frame rails for securing heavy machinery chains.
- Rub Rail & Stake Pockets: Full-length side rub rails and stake pockets provide flexible tie-down locations along the entire deck perimeter.
- HD Tube Bulkhead: Protects your equipment and keeps forward loads from sliding toward your tow vehicle's rear window.

5. Heavy Commercial Running Gear & Recessed Storage Provision

Rides on dual 7,000 lb. heavy-duty slipper spring axles with electric brakes on both axles, 8-lug steel wheels, and 10-ply Load Range E radial tires. Features a factory recessed deck tray ready for a drop-in lockable A-frame toolbox and a pre-welded side spare tire mount.

Pricing & Yard Terms

- Price: Cash/Check Price Listed. Financing Available.
 - Processing Fees: A 3% processing fee applies to credit card transactions.
 - Dealer Fees: \$0. We charge absolutely zero documentation, prep, or administrative fees.
