Description

This 2027 Homesteader Trailer 8.5' x 28' enclosed car hauler offers a spacious 7 ft 6 in interior height, giving you plenty of room to move around your vehicle or cargo once it's loaded. Built with a steel frame, V-nose front, and one piece roof with a translucent fiber-reinforced plastic panel for natural light, this trailer is designed for years of reliable use. The double reinforced knife-edge ramp door makes loading straightforward, and D-rings in the floor give you secure tie-down points. Poly core sides, a 3/4" floor, and 3/8" walls provide a solid, weather-resistant structure, while an extended tongue with adjustable coupler and 5,200 lb axles with electric brakes on both axles round out a well-built hauler. With a 9,950 lb GVWR and 5,214 lbs of payload capacity, this Homesteader enclosed car hauler is priced at \$13,999.
