Description

This is a New Alcom Stealth 8.5x20 car hauler. It is sitting on tandem 3500# torsion spread axles with brakes on both axles and premium wheels. It's finished in charcoal grey and we did the rear bulk head to color match with the blackout package. We upgraded the heavy duty d-ring to 6k swivel d-ring, and added deluxe recessed spare tire well with a spare tire rear spoiler with loading lights, premium tail lights with reverse lights and heavy duty drag wheels.
