Description

3 and 1/2 Integrated Tube Headache Rack
Our headache racks are crafted with superior materials to ensure your safety in unexpected situations. The 3 1/2 Integrated tube design enhances durability and support, offering unmatched protection.
EXCEPTIONALLY DURABLE POWDER-COATED FINISH

At Legend X, we apply a high-quality powder coating to our truck beds, ensuring every nook and cranny is covered. Our method guarantees a more durable, longer-lasting finish with an unparalleled shine.

4 Structural Steel Channel Frame Rails

Our truck beds are built with solid 4 structural steel channel frame rails, avoiding the use of roll-formed runners. This design choice leads to enhanced strength, durability, and internal rust prevention.

4 Flush-Mounted 360 Rotating D-Rings

Legend X truck beds come with four flush-mounted, 360 rotating D-rings, offering exceptional versatility and secure load anchoring. This design ensures maximum stability and adaptability, keeping your cargo securely in place from start to finish.

1/8? Steel Treadplate Deck

Designed for heavy-duty applications, our steel treadplate deck is robust and enduring, outperforming the 11-gauge and 13-gauge floors used by competitors, for demanding work conditions.

30,000 lb. Rated Gooseneck Hitch

Featuring a top-tier gooseneck hitch tested independently for superior performance, our hitch ensures reliable hauling capabilities along with a 7-way electrical plug for diverse power needs.

Modular Sealed Wiring Harness

Our wiring harnesses are built to resist corrosion, wear, and disconnection, offering reliability in even the most severe conditions.

24,000 lb.-Rated Bumper Pull Hitch

2.5" is Standard with an industry-leading bumper pull hitch that integrates into the frame. Legend X provides exceptional towing capacity for all your needs.

Standard 7-Way Round Plug on rear tailboard

This standard inclusion ensures compatibility with any trailer, enhancing connectivity and performance.
