<https://harpertrailersales.com/unit/2027-ranew-s-atv-g3-ferminator-1232892>

Price: \$6,800.00

Description

The ATV Model combines 16 inch ground turning disks with our precision Accurate Seeding System, and a true agricultural grade cast iron cultipacker. The ATV Model is sized for ATV's, but it is no lightweight. Its frame is constructed of 3 inch steel square tubing, and its seed box is constructed of steel just like the three point models. It weighs over approximately 880 pounds which allows it to break up and dig in hard ground when other ATV harrows would just bounce across the surface. The ATV Model comes with a tow bar sized for a 2" ball, but also retains the 3 point hitch (with CAT 1 Hook Ups) just in case you want to use it on a small tractor. We recommend a minimum of 500cc ATV or UTV to allow the Firminator to perform at its best.

All sales are final

Please note there will be a 3.5% convenience fee added to all debit/credit transactions
