Every Sawyer trailer starts with an all-tube steel frame engineered for strength and long-term durability. Tube

Sawyer trailers use a screwless exterior design. Fewer penetrations means fewer places for water to enter and fewer fasteners to loosen over time.

One-Piece Aluminum Roof Construction

Torsion Axles For Smoother Towing

Durable Painting Process

Every frame is prepped and dual coated before assembly.

Benefit: A frame finish built to handle moisture, salt, and time.

Acrylic Enamel painted trailer frame. Durable trailer coating.

Sandblasted & Dual Coated Frames For Durability

All-Tube Frame, Screwless exterior, torsion axles, Demco coupler, TecNiq lighting, Thermo-Radiant Roof Barrier, one-piece aluminum roof, heavy-duty ramp gate, 8-ply tires

LED Interior roof light, Rear Loading light, Side entry door light, are on a battery system for stand alone use, then recharges off of factory trailer tow hot wire

100% American Made Trailer Lineup

Sandblasted & Dual Coated Frames For Durability
