Description

This 2027 Homesteader Intrepid 7 x 14 ft cargo trailer offers a well-rounded package for hauling gear, equipment, or supplies. Dexter axles with brakes on both wheels provide dependable stopping power, and the rear ramp door makes loading wheeled equipment straightforward, while the side door offers quick walk-in access for smaller loads. The one-piece roof and polycore exterior skin help keep moisture out and reduce long-term maintenance, and framing set 16 inches on center in the floor and walls adds extra structural strength. Inside, a 3/4-inch plywood floor and 3/8-inch plywood walls create a durable cargo area with 7 ft of interior height, and LED interior lighting plus an LED rear loading and porch light keep the trailer usable after dark. Finished in White with a 9,950 lb GVWR, this Homesteader Intrepid is priced at $8,799.
