Sales Price: \$8,399.00

Description

This 2027 Liberty 6' x 10' Dump Trailer offers a 10,000 lb GVWR in a compact footprint, well suited for buyers who need dump trailer capability without the length of a full-size unit. The frame is primered and powder-coated for corrosion resistance, and dual 5,200 lb axles with electric brakes on both axles provide reliable towing and stopping performance.

The dump function is powered by a single-cylinder KTI hydraulic pump with a 4" direct push cylinder, and the combo spread tailgate allows for both complete dumps and controlled, directed unloading. Eighteen-inch steel sides and a mesh tarp help contain material during transport, and pull-out equipment ramps add versatility for hauling equipment in addition to bulk loads.

Standard features include a locking tool box, spare tire mount, 110V battery charger with deep-cycle battery, sealed wiring harness, and LED lighting. A 7,000 lb tongue jack, stake pockets, and a 2 5/16" adjustable coupler round out the build quality expected from a Liberty dump trailer.

This unit is priced at \$8,399 and is available at Rock's Trailer Sales in Grove City. Contact our sales team to arrange an inspection or reserve Stock #236062.
