Description

This 2026 Liberty 6' x 12' Dump Trailer is engineered for a 10,000 lb GVWR and finished with a primered, powder-coated frame to resist rust and wear over years of use. Dual 5,200 lb axles with electric brakes on both axles deliver dependable control when towing loaded or empty.
The dump function is driven by a single-cylinder KTI hydraulic pump and 4" direct push cylinder, and the combo spread tailgate provides the flexibility to release material gradually or dump the full load at once. Eighteen-inch steel sides paired with a mesh tarp system help retain material securely in transit, while pull-out equipment ramps expand the trailer's utility for hauling equipment. Standard equipment includes a locking tool box, spare tire mount, 110V battery charger with deep-cycle battery, sealed wiring harness, and LED lighting for dependable visibility. A 7,000 lb tongue jack, stake pockets, and a 2 5/16" adjustable coupler complete a trailer built for consistent, long-term performance.
Key Specs:

- Floor Size: 12 ft (144 in) x 6 ft (72 in)
- GVWR: 9,990 lbs
- Weight: 2,300 lbs
