Description

CM Truck Beds - Tradesman ALTM

Standard Specs:

Maximized storage and payload capacity are two of the many reasons that you will want to try our aluminum tradesman body. When you realize our storage and towing ratings, you will quickly see why the ALTM is the premiere choice for hard work.

All-New 5052 Aluminum Material

Our aluminum sets the standard for other aluminum beds in the industry with added corrosion resistance and increased strength with a high tensile rating.

Standard Integrated Toolboxes with lockable T-Handle Compression Latches

Our integrated, flush-mounted toolboxes feature adjustable T-Handle compression latches, ensuring a secure seal to protect your tools, straps, and chains from the elements. A key feature that sets the ALTM apart from other beds in our lineup is the addition of the shovel boxes, providing convenient storage for shovels, post hole diggers, and other accessories, keeping them ready for any job.

Integrated One Piece Aluminum Tube Headache Rack

Our headache racks are designed with the best and strongest materials, designed to set the standard when it comes to safety and protecting our customers.

Lifetime Warranty LED Lights

At CM Truck Beds, we set a new standard in supporting you throughout the life of your truck bed. With our best-in-class warranty on LED lights, you can trust that CM Truck Beds is committed to being with you for the long haul.

Extruded Aluminum Deck

Stronger and more durable aluminum floors that win out against the competition.

Deck Area Tie-Downs

With (4) Airline Track Tie-Downs and (4) Adjustable Attachment Rings, users can safely stow and transport their deck area cargo when going to and from the jobsite, setting the standard in safety.

Independently Rated B&W Hitches

When you hook up to tow your equipment or livestock, our team has already prioritized your safety, ensuring you make it home safely every time. Unlike other bodies in the industry, CM Truck Beds hitches are independently rated and tested to guarantee you're towing with the right tools, safely. With a 30K lb. gooseneck hitch and a 24K lb. receiver hitch, no body in the industry matches the towing capacity of a CM Truck Bed.

WARRANTY

4-Year / 48,000-mile warranty

Some companies say they stand behind their products; we put it in writing. We offer the longest warranty for the body, covering it for 48 months. Because we recognize what an investment a service body can be, and we want you to know we're with you — today, tomorrow and four years down the road.
