Price: \$7,995.00

MSRP: \$8,793.00

Description

The Ultimate Hybrid: 2026 Sure-Trac 7x20 14K HD Tube Top Utility

This is the "One Trailer" fleet solution. Historically, you had to choose: a lightweight utility trailer for your mowers or a heavy-duty flatbed for your skid steer. The 2026 Sure-Trac 14K HD Tube Top eliminates that compromise. It combines the side-rail containment and easy access of a landscape trailer with the brutal 14,000 lb. GVWR of a professional equipment hauler.

At Roxbury Trailers, we've taken this beast a step further with exclusive factory upgrades, including a massive 37-inch wide mesh ramp system and an integrated A-frame toolbox.

The 14K HD Advantage: Equipment Power, Utility Versatility

- **True Hybrid Engineering:** This trailer is built for the professional who drops off a crew of mowers in the morning and needs to haul a 9,000 lb. excavator in the afternoon. You no longer need to switch trailers mid-day.
- **Overbuilt Chassis:** The foundation is a massive 6" x 4" x 5/16" steel angle frame—that's nearly a third of an inch of structural steel. Paired with a fully wrapped 6" channel tongue, this frame is built to handle localized machinery stress that would twist a standard utility.
- **Elite Loading (37" Ramp Upgrade):** We upgraded this unit from the standard 24" ramps to extra-wide 37" HD mesh-covered ramps. This provides a massive platform for equipment with varying track widths and offers superior traction for small wheels or wet tires.
- **Slipper Spring Suspension:** Features dual 7,000 lb. axles with slipper spring suspension. This setup provides a significantly smoother ride and higher durability under max loads compared to traditional eye-to-eye springs.

Technical Specifications

GVWR 14,000 lbs
Net Payload 9,960 lbs
Frame 6" x 4" x 5/16" Steel Angle
Upgraded Ramps 37" Wide HD Mesh w/ Spring Assist

Axles (2) 7,000 lb. Slipper Spring Brakes
Tires ST235/80R16E 10-PLY Radials
Jack 12K Drop Leg, Set-Back

Professional Build Details

- Signature Tube Top Rail: The 3" x 2" steel tube top rail provides massive lateral rigidity and keeps your wiring harness 100% protected inside the steel.
 - Tie-Down Dominance: Equipped with six 1/2" D-rings and six heavy-duty stake pockets. Whether you are hauling pallets, mowers, or iron, you have the right anchor point.
 - 12K Drop-Leg Jack: Set back to ensure you can fully lower your truck's tailgate while hitched. Built to handle the heavy tongue weight of a 14,000 lb. load.
 - Knife-Edge Ramp Transition: The HD mesh ramps feature a reverse knife-edge for a smooth, bump-free transition for equipment with small wheels.
-

Purchase & Logistics

- Ready for the Job Site: Every purchase includes a temporary license plate so you can hit the road immediately.
 - Transparent Pricing: The listed price reflects a Cash/Check discount.
 - o Credit Card: 3% processing fee.
 - Taxes: NJ residents pay 6.625% sales tax. Out-of-state buyers pay their local tax at the time of registration.
 - Inventory: The 14K Tube Top is a specialized, high-demand unit. Call (973) 361-3953 to confirm it's still on the lot.
