Sales Price: \$10,299.00

Description

The 2027 PJ Trailers 7' x 14' Dump Trailer is engineered for a 14,000 lb GVWR, giving contractors, landscapers, and property owners the capacity and control required for demanding hauling and dumping applications. Dual 7,000 lb axles with brakes on both axles provide a stable, dependable platform for transporting gravel, mulch, demolition debris, and other heavy materials.

The trailer is equipped with a scissor lift hoist and a spread gate, allowing for controlled, even unloading rather than a single concentrated pile, an important advantage when spreading material or working in confined areas. Twenty-four-inch side walls and a 6" C-channel frame provide substantial load volume and structural strength, while a 2 5/16" ball coupler ensures a secure connection while towing.

Standard equipment includes a tongue-mounted tool box for job-site storage, D-rings for tie-down flexibility, stake pockets for side rail attachments, LED lighting for visibility, and a deep-cycle battery for reliable operation in the field.

Key Specs:

- Bed Size: 14 ft (168 in) x 84 in, 24 in side walls
- GVWR: 14,000 lbs
- Weight: 3,660 lbs
- Payload Capacity: 10,340 lbs
- Axles: 7,000 lb, brakes on both
- MSRP: \$10,899 — Sale Price: \$10,299

This unit is currently priced at \$10,299, a reduction from the \$10,899 MSRP. Contact Rock's Trailer Sales in Grove City to schedule an inspection or reserve Stock #86085.
