Description

This SnoPro Hybrid 3.0 side-by-side package takes the popular 2.0 concept and adds the interior height and rear-door opening that riders wanted so one trailer can handle both sleds and UTVs Built for sleds and side-by-sides.

- Hybrid 3.0 design adds more interior headroom than the 2.0, so snowmobiles a
- Approximately 78"+ rear door opening provides clearance for taller UTVs and
- Compact V-nose hybrid footprint tows easily while still giving room for two

Structure, ride, and floor system

- All-aluminum construction keeps weight down, resists rust, and helps the tra
- 3,500 lb torsion axle delivers a smoother, quieter ride than springs, espec
- Premium no-rot composite floor with integrated slide track allows adjustable

Loading, access, and visibility

- Tapered, spring-assist rear ramp with starter flap makes loading low-skid sl
- Side access door provides quick entry to gear or tie-downs without dropping
- Rear spoiler with loading lights and full LED exterior lighting improves nig
