Description

The U10 XL Pro Highland EPS is designed to handle bigger teams and bigger tasks with ease. Its premium cabin, complete with a factory-installed HVAC system, delivers year-round comfort. The spacious interior features seating for up to six, a sound-dampening headliner, sealed power windows, and an electric tip-out windshield that keeps noise, dust, and weather outside. Under the hood, a robust 998cc liquid-cooled three-cylinder engine provides smooth, dependable power. With unmatched capacity, premium features, and rugged performance, the U10 XL Pro Highland EPS is in a league of its own.
