Description

The Stock Pro M1200 Squeeze Chute will not be beat for value, features and most importantly quality of build!!!

This Chute offers everything cattle ranchers need to effortlessly and effectively work though the largest groups of cattle. No matter if you are running through calves, cows or bulls this M1200 Chute has what it takes to get the job done right!

- bar floor
- full upper and lower access to both sides of the chute
- side exit doors on both sides
- neck access doors on both sides
- head holder
- palpation cage with entry doors on both sides and gates that will swing in or out of the chute
- EZ roll front and rear gates w/ upper rollers and lower guides to keep manure from building up and blocking slide tracks
- butt bar
- head gate control arm is adjustable from front to rear of the chute for easy one man operation
- retractable handles on head holder and head gate keep handles out of your way while working the cattle to keep the operator safe from injury and ease of movement around the chute
- removable sternum bar
- multiple side access options on both sides of the chute to give you the ability to get any job done that arises with this one single chute

Come and take a look in person. We think that you will agree with us that there isn't another chute on the market that offers this combination of quality build, heavy construction, features, versatility and functionality into one package as well as this one does at this budget friendly of a price!!!

Rarely in today's world can you find equipment at a budget friendly price that isn't budget built! This chute beats the odds and does just that. Extreme duty build at and extremely pocket book friendly price!
