Price: \$17,995.00

MSRP: \$18,737.00

Description

The Professional's Choice: 2026 Sure-Trac 8.5x20 Landscape Pro Enclosed (10K)

In the landscaping industry, your trailer is more than just a box on wheels—it is your mobile headquarters and a direct reflection of your business. The 2026 Sure-Trac Landscape Pro is engineered specifically for high-volume residential and commercial crews who cannot afford downtime. At \$17,495, this isn't an expense; it's a strategic investment in the efficiency, longevity, and professional image of your company.

Why the Landscape Pro Outperforms the Competition

While many "landscape" trailers are simply modified cargo haulers, the Landscape Pro is built from the ground up to handle the unique rigors of the green industry.

- **Unrivaled Structural Integrity:** Standard trailers use thin wall posts that twist under pressure. The Landscape Pro features a 6" x 2" Steel Tube Frame reinforced with 4" x 4" wall post gussets and 9" x 14" corner gussets. It is built to withstand constant vibrations and heavy loads without racking or warping.
- **The Industry's Toughest Ramp:** Most trailers fail at the rear door hinges. This model features a 5,250 lb. Rated Super Duty Rear Ramp Door with an integrated transition. Whether you are loading a heavy zero-turn or a specialized aerator, this door is built to handle the abuse.
- **A True Turn-Key Solution:** Stop wasting your weekends drilling holes and mounting racks. This trailer comes factory-equipped for the job site:
 - o Gridiron Trimmer Brackets: Securely holds three trimmers from day one.
 - o Fold-Down Workbench: A dedicated space for on-site repairs and maintenance.
 - o 3/4" Plywood Kickpanel: Heavy-duty protection around the entire perimeter to prevent equipment from puncturing the exterior walls.

- Superior Road Manners: Equipped with 5,200 lb. Torsion Axles, this trailer offers a significantly smoother ride than leaf-spring alternatives, protecting your expensive blowers and hand tools from the constant "bouncing" that leads to equipment failure.
-

Specifications & Features

Model Year 2027

Size 8.5' x 20'

Interior Height 81"

Tires/Wheels ST225/75R15D 8-PLY on Aluminum Wheels

The Reality of the \$17,495 Investment

You can always find a cheaper trailer, but "cheap" trailers are expensive to own. By the time you buy a standard cargo box and pay to add professional trimmer racks, a workbench, reinforced flooring, and a high-capacity ramp—not to mention the days of lost labor to install it all—you have already surpassed this price point.

The Landscape Pro eliminates the hidden costs of the "DIY" trailer. You are paying for a frame that won't crack in three years, a ramp that won't buckle, and a professional appearance that helps you land higher-bid contracts. This is a 10-year trailer designed for the crew that plans on growing. If you're tired of repairing your equipment instead of using it, this is your solution.

Available Now at Roxbury Trailers

This 2026 model is in stock and ready to hit the road. Skip the lead times and the modifications. Buy the trailer that was built to work as hard as you do.
