2027 Sure-Trac 7x16 Tube Top 3-board Utility Trailer

Type	Trailer or Truck Bed	Category	Utility Trailer
Stock#	9143	Location	Roxbury Trailers
Year	2027	Status	Pending Sale
Condition	New	Manufacturer	Sure-Trac
Model	ST-UTW8216-070	Floor Length	192in / 16ft
Floor Width	79.5in / 6ft 7.5in	Floor Height	18in / 1ft 6in
GVWR	7000	Weight	2210
Payload Capacity	4790	Axle Capacity	3500
Color	Black	Fenders	Tread Plate, Square Rolled
Wheels	15", 5 on 4.5, Radial Tire	Coupler	2" Ball
Jack	Setback 2K Zinc Plated Jack	Pull Type	Bumper
Axles	1	Suspension Type	Leaf Spring Suspension
Construction	Steel	Warranty	3-Year Frame and Component Overall Protection 1-Year Tire Hazard and Abuse Protection 5-Year Standard Tire Warranty 5-Year Axle and Suspension Warranty
Length	233in / 19ft 5in	Lights	LED
Tires	205/75R15 LRC	Gate	YES
Load Securement	D-Rings	Frame	3 x 2 x 3/16 Angle

Price: \$5,295.00

Description

2027 Sure-Trac 7x16 Tube Top 3-Board High Side Utility Trailer (Tandem Axle / 7K GVWR)

Integrated High Wood Sides, 2" x 2" Tubular Steel Top Rail, Spring-Assisted Fold-Flat Ramp Gate, & 4,790 LB Payload

Engineered for landscapers, hardscapers, contractors, and property owners who haul loose bulk materials alongside machinery, the 2027 Sure-Trac 7x16 Tube Top 3-Board High Side Utility Trailer combines high cargo containment with commercial frame rigidity. Built with pressure-treated 3-board wood high sides supported by a heavy 2" x 2" square steel tube top rail and tube uprights, this platform prevents mulch, topsoil, gravel, brush, and equipment from spilling onto the highway. Featuring a massive 4,790 lb. net payload capacity, dual 3,500 lb. braking axles, a spring-assisted fold-flat ladder ramp gate, four 1/2" welded D-rings, and a standard spare tire carrier, this 16-foot tandem platform handles heavy bulk loads and equipment with complete stability.

Key Capacities & Dimensions

- GVWR: 7,000 lbs (Tandem Axle Class)
 - Curb Weight: 2,210 lbs
 - Net Payload Capacity: 4,790 lbs
 - Bed Dimensions: 79.5" Clear Deck Width (Between Fenders) x 192" Length (7' x 16')
 - Overall Footprint: 233" Overall Length / 18" Deck Height / 16" Coupler Height
 - Sides: Factory Integrated 3-Board High Wood Enclosure
 - Ramp Gate: Heavy-Duty 2" x 2" Tube Frame Mesh Ramp Gate with Spring Assist & Grab Handle

Technical Specifications

Feature Specification

Main Frame 3" x 2" x 1/4" Steel Angle Frame

Tongue 4" Structural Steel Channel A-Frame

Top Rail & Uprights 2" x 2" Structural Steel Tube

Crossmembers 3" x 2" x 3/16" Steel Angle (24" On-Center)

Side Enclosure Heavy-Duty 3-Board High Wood Enclosed Sides

Decking 2" x 6" Pressure-Treated Pine Decking

Running Gear (2) 3,500 lb. Spring Braking Axles with Easy Lube Hubs

Suspension Equalized Leaf Spring Assembly

Wheels & Tires ST205/75R15 LRC Radial Tires / 15" 5-Lug Steel Wheels

Coupler / Jack 2-5/16" A-Frame Ball Coupler / Setback 2,000 lb. Zinc-Plated Jack

Ramp Gate Full-Width Spring-Assist HD Fold-Flat Tube Gate w/ Self-Retained Pins

Fenders Double-Brake Tread Plate Steel Fenders

Tie Downs & Storage (4) 1/2" Welded D-Rings & Standard Side Spare Tire Carrier

Electrical / Lights Sealed 7-Way RV Plug / Full DOT-Compliant LED Lighting Package

Core Performance & Design Highlights

1. Integrated 3-Board High Wood Enclosure

Tired of building temporary wood side-board extensions that wobble and split? Sure-Trac builds this unit from the factory with sturdy 3-board high pressure-treated wood sides. This creates deep cargo retention ideal for hauling mulch, soil, compost, firewood, or demo debris without losing materials en route to the jobsite.

2. Rigid 2" x 2" Structural Steel Tube Top Rail

Unlike budget utility trailers that rely on thin angle-iron top rails that bow outward under load or strap pressure, Sure-Trac utilizes a continuous 2" x 2" structural steel tube top rail. Welded solid to tubular uprights, this closed-tube framework delivers exceptional torsional strength and eliminates highway frame shake.

3. Heavy-Duty Spring-Assisted Fold-Flat Ramp Gate

The heavy-duty 2" x 2" tube frame mesh ramp door features an integrated spring-assist assembly to take the weight off your back during repetitive loading. Equipped with self-retained gate pins (no more losing pins in the grass) and a heavy grab handle, the gate folds completely flat onto the bed when towing empty to reduce highway drag and save fuel.

4. Turn-Key Cargo Control & Standard Spare Carrier

Equipped right off the lot with four welded 1/2" D-rings anchored directly to the frame for securing zero-turn mowers, tractors, or ATVs. Includes a factory-mounted spare tire bracket so you are always prepared for roadside emergencies.

5. Setback Jack & Protected Wiring

- **Setback Jack:** The 2,000 lb. zinc-plated jack is positioned safely behind the coupler on the A-frame tongue, allowing you to drop your truck's tailgate completely without hitting the jack handle.
- **Enclosed Harness:** Wiring is routed through frame members to protect electrical runs from brush, gravel, and weather exposure.

Pricing & Yard Terms

- **Price:** Cash/Check Price Listed
 - **Processing Fees:** A 3% processing fee applies to credit card transactions.
 - **Dealer Fees:** \$0. We charge absolutely zero documentation, prep, or administrative fees.
 - **Documentation:** Temporary license plate/transit registration included with purchase for immediate road use.
