Description

This 2011 Pace American 6x12 enclosed trailer is a used, budget-friendly option for buyers who need enclosed storage and hauling capacity without paying new-trailer prices. With a 144 in x 72 in interior and a 2,990 lb GVWR rated for a 1,930 lb payload, it has enough capacity for tools, equipment, or cargo that needs to stay protected from the weather during transport. As a used unit, it shows the wear expected from years of service, and we recommend an in-person inspection to evaluate its current condition before purchase. Finished in white, this Pace American 6x12 is a practical option for buyers prioritizing value.
