## Description

Homesteader's Intrepid 6' x 12' cargo trailer returns in White with the same rugged basics: 3/8" walls, a one-piece roof, and leaf spring suspension built to handle regular use without excessive upkeep. The V-nose front trims wind resistance and adds a bit of extra room up front, and rear barn doors open a full 180 degrees for straightforward loading of bulky items. A side door lets you step in and out without swinging the barn doors, and recessed D-rings give you dependable tie-down points throughout the cargo area. Inside you get 6'6" of headroom and 5'8" of width, the 3/4" floor and 15" wheels and tires are built for the long haul, and LED lighting and a 4-pin plug complete the package. With a 2,990 lb GVWR and 1,364 lbs of payload capacity, this Homesteader Intrepid is priced at \$4,899.
